The Mission, Reason, & Logic

Artful Arrangements offers ways for parents and children to spend a little quality time together – for much needed joy and connection – that are convenient, quick, affordable and fun. **Why do we do this?** In a fast-paced, technology-based world, we believe young families are short on time and resources, **AND** want the kids to learn good manners, social skills and respect for elders – attitudes and abilities that pass from parents to children **a little here, a little there.**

Children remember TIME spent with them. Busy adults have little extra time/resources to plan fun, affordable activities.

Artful Arrangements began in 2007 on the Farm Trail, and, as of 1-1-2016, is a 501(c)(3) nonprofit. Tax ID# 81-1096263

Playing together, we can work toward a great future!

Artful Arrangements.org

At the site of a 1915 working homestead.
